UNiLUX

No consistency between equipment and home decoration style?

CHALLENGES:

- Obsolete equipment
- Disharmonized and old style work equipment
- Lack of motivation

UNILUX PROPOSAL:

VICKY lamp and and BALTIC clock

- Create a nice working space
- Create a cool atmosphere
- Show commitment

Unilux **Vicky**

- Modern Scandinavian style
- 3 steps lighting power
- USB port for mobile devices charging
- Articulated arm with locking screw and rotative head
- Integrated LED module, average lifetime: 50 000 hours
- Materials: metal, epoxy, wood extracted from sustainable forest
- Height: 18-53cm
- Available in white beech: **400110084**

35 cm Lux	2.520	kWh/1000h	9,2
Watt	11	Energy class	A to A++
Lumen/Watt	120	Color temperature (K)	3.000

Unilux **Baltic**

Deco and design touch for harmonious working space

- Scandinavian modern style
- Silencious mechanism
- High quality quartz system
- Wall hanging system
- 1,5 V battery (AA) supplied
- Materials: plastic, wood extracted from sustainable forests
- Diameter: 31,5 cm
- Available in white and beech wood: **400094591**

Clock reading distance	35m
Consumption	0,21 mA
Weight	0,79 Kg

Unilux **SOL**

- Small base flexible long arm
- Strong and robust construction
- ON/OFF switch on cable
- Integrated LED module, average lifetime: 20.000 hours
- Materials: plastic (ABS), metal, elastomere soft touch
- Height: 45 cm
- Available in following colors:
  400077402 black **400077406** red
  400077405 blue **400077404** white

35 cm Lux:	1.260	kWh/1000h	6,2
Watt	7,4	Energy class	A++
Lumen/Watt	120	Color temperature (K)	3.000

Unilux **Flexio2**

- Flexible arm with metal base
- Strong and robust construction
- ON/OFF switch on cable
- LED bulb supplied : 50.000 hours
- Materials: metal, epoxy paint and chrome metal arm finish
- Height: 35 cm
- Available in following colors:
  400093687 black
- **400093692** metal grey

27 cm Lux	1.395	kWh/1000h	3,9
Watt	5	Energy class	A to A++
Lumen/Watt	100	Color temperature (K)	3.000

Short space with poor lighting?

CHALLENGES:

- Improvised workspace with limited space and insufficient light
- Where to put the desk lamp after work session?

UNILUX SOLUTION: FOLDABLE LAMPS

- Space saving on the table
- The lamp can be folded and kept after use
- Can be easily carried for transport
- High quality lighting solution

Unilux **Terra**

LED light lamp with intensity dimming

- Light intensity step dimming
- Foldable for space saving
- Switch button on base
- Integrated led module
- Average lifetime: 40.000 hours
- Materials: plastic (ABS), recycled aluminium
- Height: 38 cm
- Available in metalic grey color: **400077409**

35 cm Lux	1.120	kWh/1000h	6,9
Watt	8,3	Energy class	A to A++
Lumen/Watt	134	Color temperature (K)	3.300

No AC power around?

CHALLENGES:

- Improvised workplace with poor light and no AC power plug around
- Work in train or during trip
- Reading lamps on terrace or balcony

UNILUX SOLUTION:

NELLY LAMP ON BATTERY

- Work with a correct light everywhere
- Without electric consumption
- Light weight
- Flexible arm
- Small base

Unilux **Nelly**

Flexible and mobile work with powerful LED lamps on battery

- Works on internal battery during 7 hours with excellent lighting power
- Lighting power soft dimming, color temperature step dimmer (3000, 4000 and 6000 K)
- 1 button for full setup: short click for color temperature, and long click for lighting power
- Power through USB port, light signal to show charging process
- Flexible arm can be rolled up in a compact position
- Light weight (240 g)
- Integrated LED module, average lifetime: 20.000 hours
- Lithium-ion battery: 2400 mAh, 7 hours average autnomy, 4 hours charging time
- Materials: plastic (ABS), rubber shrink on metal
- Height: 25-35 cm
- Available in white color: **400124483**

35 cm Lux	1.100	kWh/1000h	6,5
Watt	7,8	Energy class	A to A++
Lumen/Watt	134	Color temperature(K)	3.000-6.000

Limited space on desktop?

CHALLENGES: • Very limited workspace • Bad lighting

UNILUX SOLUTION:
TRAVELLIGHT DESK LAMP

- The lamp clip goes on any computer screen thickness, and thus helps to save space
- Asymetric lighting for a high performance lighting

UNILUX SOLUTION:
STRATA DESK LAMP

- Thanks to its back clip, this lamp can be fixed behind your notebook or computer screen, then saves space
- Wide lighting area

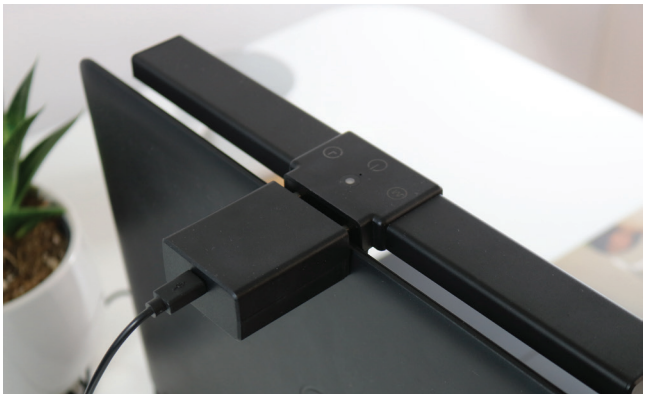
Unilux **Travellight**

Mobile desk lamp with light sensor

- Asymetric lighting to avoid light reflexion on screen
- Easy to install which goes on computer screens and laptops from 0,5mm to 3cm
- Plugs in on any USB port thanks to its 1 meter cable (supplied)
- The light sensor controls the automatic lighting power based on your ambiant light
- Light dimmer on lamp head for light intensity and color temperature (2900 to 6500 K)
- Light and compact, this lamp can get along with you on trip, at home or at the office, and can be put in its transport pouch

- Integrated LED module, average lifetime : 30.000 hours
- Material: Plastic ABS and aluminium
- Available in black color: **400140802**

35 cm Lux	550	kWh/1000h	3,5
Watt	4,5	Energy class	A to A++
Lumen/Watt	100	Color temperature(K)	2.900-6.500



Unilux **Strata**

Wide lighting lamp with light sensor

- Optimum workdesk lighting on 120 cm wide, thanks to the lamp head (80 cm width), and its asymetric lighting halo
- Base system with clamp to hang on desk edge, behind your computer screen
- Thanks to its flexible arm, the light is well aligned on top of the screen without blurring effect on eyes
- Light sensor automatically adapts the light based on your ambiant light level
- Dimmer control on lamp head for manual and stepless dimmer either for lighting power and color temperature (3000 to 6000 K)
- Integrated LED module, average lifetime : 50.000 hours
- Material: aluminium, rubber base material, steel
- Height: 45-70 cm
- Avalable in black color: **400124562**

50 cm Lux	1.170	kWh/1000h	10,6
Watt	12,7	Energy class	A to A++
Lumen/Watt	100	Color temperature(K)	3.000-6.000

Circadian rythm troubles?

CHALLENGES:
- Lack of energy
- Productivity and concentration drops
- Mood and sleep disorders

UNILUX SOLUTION:
CONNECTED LIGHT
- Synchronizes your circadian cycle
- Optimises your sleeping time
- Improves your well being on a daily base
- Boost your creativity

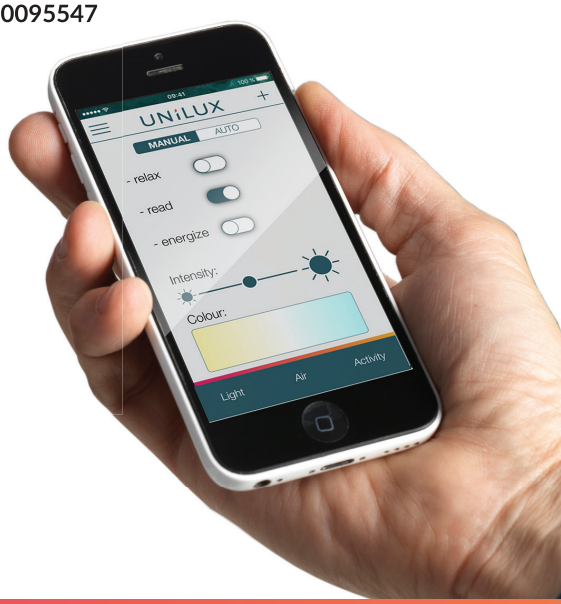
Unilux **Eyelight**

Desk lamp with circadian cycle managed with ”MY UNILUX” app

Download on the App Store

GET IT ON Google play

- Innovative and connected lamp by smartphone, which allows you to synchronize your circadian cycle with the daylight
- Automatic mode pre-setup which brings you the right light quality at the right moment of the day
- Manual mode which will allow you to adjust light and color intensity
- Head lamp slick design and slim arms, which give an original design to the lamp
- ON/OFF switch easy to use (on cable) with 1,9 m cable long
- Integrated LED module, average lifetime: 50 000 hours
- Materials: ABS plastic base with aluminium arm and head
- Available in black color: **400093835**
  and metal grey: **400095547**



35 cm Lux	1950	kWh/1000h	7,5
Watt	9	Energy class	A to A++
Lumen/Watt	100	Color temperature(K)	2.700-5.200

UNiLUX

Stay seated for long hours?

CHALLENGES:
- Table without adjustable height
- Wrong posture
- No moves

UNILUX SOLUTION: DYNAMIC FOOTRESTS
- Bring more comfort and ergonomy
- Use it on the full feet surface
- Align with working area
- 90 ° angle knee recommended
- The tilt function or side movement brings you a natural way to move
- Muscles are activated, blood circulation is enhanced and tensions are released.

Unilux **Nymphea**

This dynamic footrest allows you to move your feet while seated

- Flexible tilt angle (0 ° to 20 °) without steps
- Tilt angle allows you to balance your feet and improves the blood circulation
- Adjustable height without tools (12, 15 and 17 cm)
- Plate for full feet surface for the best comfort
- Antislip surface
- Dimensions: 42 cm x 32 cm
- Materials: ABS, PVC
- Available in black color: **100340822**

Unilux **Updown**

Stand up and seated footrest

- Balanced footrest to find balance and be more active
- Tilt angle in any position thanks to its rounded base
- Can be used either seated or in standup position
- Perfect for work break
- Developped and engineered in collaboration with work doctors
- Antislip base on the ground, which gives a firm grip
- Materials: PP, silicone
- Dimensions: 45 x 35 cm
- Available in black color: **400095456**

Unilux **Roller Feet**

Massage and back and forth movement footrest

- A light rolling movement brings you relaxation muscle redynamisation for tired feet and legs
- Textured surface massages your foot palm when used without shoes
- Enhances relaxation and allows reflexology foot zones
- Easy to use
- Strong and durable conception

- Dimensions: 44 cm x 14 cm
- Materials: PVC, EVA foam
- Available in black color: **400125220**

Muscular tensions?

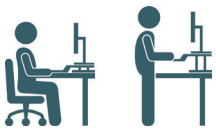
CHALLENGES:
- Muscular tensions
- Back pain or neck pain
- Poor blood circulation

UNILUX SOLUTION:

ERGO DESK 2
- Alternating sitting and standing positions helps you to feel more productive
- The sit-stand workstation reduces fatigue, cardiovascular disease risk, obesity, blood pressure problems, and has many more health benefits

Unilux **Ergo Desk 2**

The ideal workstation for switching from sitting to standing behind your computer



- Encouraging the user to reduce sedentary work and encouraging mobility, this sit-stand workstation will make you more dynamic and productive, while reducing fatigue and stress
- Contemporary design: this sit-stand workstation, last generation, adjustable, will energize your workspace. It adapts to all types of offices
- Adjustable simple and easy: thanks to its mechanism, its cylinders and its ergonomic handle, in a few seconds you can easily change position and have different heights (between 12 and 50.5 cm) depending on your morphology.
- Easy to assemble: a simple assembly without need for tools, its keyboard support clipable
- Dimensions: 72 cm x 59 cm
- Materials: high quality steel structure with Epoxy paint / painted wood top
- Available in black color: **400124576**

Neck or shoulder pains?

CHALLENGES:

- Improvised working space without standard working chair
- Muscular tensions or back pains

UNILUX SOLUTION:

MOOVE DYNAMIC STOOL

- Rounded shape base brings you balance and allows you to move
- Can either be used seated or standing up position at home: in kitchens, offices, thanks to its adjustable heigh of 89 cm
- Uses less space than a standard office chair

Unilux **Moove**

Seat dynamically, release tensions

- Rounded base allows you to be seated and to move your upper body part
- Enhances a straight seated posture, while relaxing the spiral cord and activating middle body muscles
- Height adjustable from 60 to 89 cm
- Long life stuffed seat with triangular shape
- Anti-slip base
- Hydraulic pump to adjust height by push-buttons
- Available in black color: **400110242**
